

Demonstration Sale

Neponset Floor Covering

NOW IN FULL SWING

NOW is the time to anticipate your present and future needs. This is an opportunity to cover your floors with beautifully designed, wear-resisting and sanitary covering at a price that will perhaps never again be offered. Act to-day. See the demonstration by the factory experts sent to our store this week to demonstrate the durability and explain the merits of NEPONSET. Take advantage of the special price on this wonderful floor covering during this sale.

100% Water-proof

Splashing water won't soak into Neponset—it can't. It's waterproof from top to bottom—100 per cent waterproof. Quickly and easily kept clean.

Won't Decay

Because it is absolutely waterproof there's no fear of Neponset ever rotting. It is guaranteed rot-proof. 100 per cent sanitary—remember that.

Beautiful Patterns

A large assortment of artistic designs for every room. You must see them to realize their true beauty. Come to-day. Your floors and purse will thank you.

Watch the Famous Sidewalk Test

We are proving Neponset's wonderful durability by the stiffest test imaginable. A strip of Neponset Floor Covering cut from our regular stock is

On the Sidewalk in Front of Our Store

Thousands are scuffling over it and pounding their heels into it. This strip will remain all this week through sunshine and rain. Examine it. After thousands have walked on Neponset notice how surprisingly bright and fresh-looking it is. This is the FAMOUS TEST that PROVES that Neponset is the wonderfully strong, durable and long-wearing floor covering its makers claim it to be.

WILLIAMSTOWN

The R. G. L. C. will meet Saturday afternoon, June 18, at 2:30 o'clock with Mrs. Fred McAllister.

Henry Poole and Eugene Ingalls, Mr. and Mrs. D. V. Stone and Rev. and Mrs. Alva M. Markey attended the annual meeting of the grand lodge of Vermont in Burlington the early part of the week.

Harley and Richard Martin worked nearly all night on the hill this side of the old gulf house site not long ago, a too heavily loaded Ford truck going south having run out of the road to the right in going down the hill and only being kept from a complete overturn by striking two birch trees on the bank. It was necessary to take off the load before the truck could be got back to solid ground.

J. L. Winchester and George E. Wilber made a business trip to Randolph last Saturday forenoon.

Windsor G. Ditty, now of Barre, has lately been in town for a short stay.

The pony show that came here after giving an exhibition in Brookfield the night before was the center of attraction on the afternoon of the 14th, and drew a goodly audience at the grange hall in the evening.

Mrs. Odell Adams has closed up her business here and gone to East Bethel, where she has a daughter. The board-

ing house is to continue in business under the management of Mrs. M. D. Slattery, formerly of Waterbury. Mrs. Ashton E. Holt and daughter, Elizabeth Anne, of Springfield, Mass., are the guests of Mr. and Mrs. H. A. Holt.

Mrs. B. E. Marble is with relatives in the family of Rev. C. S. Quimby of Essex Junction.

Card of Thanks.

We wish to extend our sincere thanks to the neighbors and friends, and especially Miss Frazer, our nurse, who so kindly assisted us during the illness and death of our loved one.

Mrs. Ethelyn G. Hedberg, Mr. and Mrs. D. F. Gregory and family.

Mr. and Mrs. H. M. Davis.

EAST BARRE

Old and young folks' dance in East Barre opera house hall Friday, June 17, Norris & Son's five-piece orchestra; dancing from 8 to 12. Admission, 75c per couple—adv.

Regular meeting of the W. C. T. U. on Thursday evening at 7 o'clock. All members requested to be present.

Willys Knight Touring

Quiet in Operation

The Knight sleevevalve motor is quiet in operation—and becomes more quiet with use. Its valves slide, like those of a steam engine. There is no pounding of valves and cams—no clashing of metal against metal.

There is not even the humming of gears in the Willys-Knight motor, for silent chains are used instead.

Properly Designed Mechanism

Noise in any mechanism means wear. Poppet-valve motors cannot permanently remain quiet because of this wear, while the Willys-Knight sleevevalve motor, with its well-lubricated sliding surfaces, becomes even more quiet with use.

Quietness of operation in the Willys-Knight motor is an advantage—and an important one—but this advantage is purely incidental. Its quietness of operation is the quietness of a properly designed mechanism and is not secured by muffling noise-producing parts or altering their design at the expense of efficiency.

The Ladies of the Maccabees will hold a rummage and food sale in the vacant store in the Averill block Saturday afternoon from 2 to 5 o'clock—adv.

The eight-room cottage house at 25 Park street owned by Mrs. Georgianna Mudgett was yesterday purchased by Nicholas Stroutos, who buys for a home. Possession will be given July 4.

Rheumatism is increasingly prevalent this year. This explains the unusually large demand E. A. Brown has for Rheuma, the one remedy for rheumatism sold on guarantee—adv.

On the receiver's report recommending the sale of the Barre & Montpelier Traction & Power Co. under order of the court, that the assets of the company be distributed and the affairs closed up, Judge S. C. Wilson has set a hearing on the report for July 6 at 10 a. m.

Will the ladies of the missionary society of the Presbyterian church send in their finished strips for quilt to Mrs. Arkley by Friday of this week, so they will be ready to work on at the social to be held at the home of Mrs. Keast on Prospect avenue Tuesday, June 21, at 2 p. m.

The American Legion will practice this afternoon at Lincoln campus instead of at Goldard campus. The game with Goldard which has been pending will not be played on Saturday because many of the seminary nine are planning to leave for their homes immediately after graduation Friday.

When the Biblical admonition was given, "Lay not up for yourselves treasures upon earth where moth and rust doth corrupt and where thieves break through and steal," safe deposit boxes were not known and the modern vault as a protection against destruction by fire or robbery at day or night was not even dreamed of. All these things have come as a development of science in its branches of engineering. There's no more worry now. Safety is a foregone conclusion at the Peoples National—adv.

EAST MONTPELIER

Dance every Friday night Woodbury lake. Good music, good time—adv.

A BUSINESS PROPOSITION

Have had experience in all branches of the granite industry, and think I have the ability, also in a position to furnish some good granite manufacturer with quite an amount of business. I don't care how small or large the firm might be just so they are in a position to do the work right and will use the best stock. I would like to get in touch with an established firm or some one thinking of starting very soon, that is equipped to handle first class polished work and be satisfied with a good profit. I am willing to go on the road, say my own expenses, on commission basis and get the business, on me hear from you and I will call and talk the proposition over. Address this paper.

TALK OF THE TOWN
